Marina Port Vell – the first superyacht marina in the heart of Barcelona.

In 2015, with OneOcean's recent renovation of Marina Port Vell into a superyacht hub, Barcelona will be the first European destination of the season to transform into a billionaire's playground. Owned fully by OneOcean, Marina Port Vell is the only European superyacht marina of its scale to be located so centrally within the city, offering six-star services and capable of berthing and servicing vessels up to 180 metres, as well as providing every other service that these yachts require. As well as offering a full range of 7-star concierge services designed and tailored to suit individual client's needs, for those requiring yacht services, the neighbouring MB92 boasts the Mediterranean's largest and most comprehensive marine repair, repaint and re-fit facilities available for super and megayachts.

The superyacht marina is located in the heart of the trendy and up and coming Barceloneta, the city's coolest neighbourhood which finds the perfect balance between tourism and local influence. It's also home to Barcelona's best-loved beach and only a 10 minute stroll from the city centre. The marina's new OneOcean Club will offer superyacht owners and guests of smaller chartered yachts a world-class home away from home in one of the finest oceanfront locations. The Gallery, a secondary newly built state of the art building on site at Marina Port Vell, offers a dedicated business centre with private meeting rooms, peaceful spa treatment rooms alongside a state of the art gym. Captains and crew are especially well catered for with their own lounge including a relaxation area and games room. Barcelona excels as a city and marine destination; famous for its culture, architecture, design, beaches, nightlife and cuisine. The city boasts 320 days of sun each year, and its powerful nautical cluster is home to some of the most advanced marine facilities in Europe. www.oneoceanclub.es | www.oneoceanventures.com
